## Work Experience

### **Swedish Medical Center** / Clinical Dietitian

December 2017 - Present / Englewood, CO

- Assess ongoing nutritional status to determine appropriate nutrition intervention(s) and recommendations to improve patient health outcomes
- Calculate enteral and parenteral nutrition needs for patients requiring nutrition support alongside monitoring and managing electrolytes in parenteral nutrition
- Provide nutrition education focused on cardiac health, diabetes, cancer, weight management, ileostomy, colostomy to ensure patient knowledge for successful recovery and/or management of disease states

**Penrose – St. Francis Health Services / Dietetic Intern**

August 2016 – May 2017, Colorado Springs, CO

- Achieved competency in medical nutrition therapy by performing nutrition assessment, plan of care, nutrition support, and patient instruction in cardiovascular care unit, intensive care, general medicine, renal, diabetes, oncology, rehabilitation, long term care, and pediatrics
- Provided individual and group counseling sessions to diabetic patients at the Health Learning Center resulting in numerous patients managing diabetes with improved laboratory test markers (A1C, blood glucose levels)
- Revised Penrose – St. Francis renal nutrition standard of care that Registered Dietitians frequently used on a daily basis to meet the nutritional needs for renal patients
- Researched, organized, and presented case studies on small intestinal cancer, post-transplant lymphoproliferative disease, and a literature review on turmeric in relation to type 2 diabetes mellitus and oxidative stress

**Colorado State University / Tutor: Integrative Nutrition & Metabolism**

February 2016 – May 2016, Fort Collins, CO

- Explained course-specific content relating to carbohydrates, lipids, and proteins which resulted in students having consistently high test scores throughout the semester
- Modeled problem-solving techniques through diagrams, repetition, and written examples
- Provided assistance for test-taking strategies and study skills
- Coached students to strengthen writing skills to properly address short answer questions
